CURRICULUM DESIGNED FOR YOU

Thank you for planning your Teach-In program with the Orange County Regional History Center! This packet includes activities that can be done before or after our visit and aligns with state standards.

The activities you'll find in here were created with you in mind! We know that your day is jam packed and it's sometimes hard to squeeze in time to meet social studies standards. That's why we incorporated activities that are interdisciplinary with other subjects such as language arts. We have also ensured many of the activities include the use of technology to keep in sync with the digital classroom initiative.

State Seal

Standards

Materials

• Internet access
• Smartboard or computer to projector hook-up
• Paper plates
• Crayons, markers, and colored pencils
• Paper for printing handouts

Prep

• Review over images of Florida seals (links below)
  The first state seal: bit.ly/2aQdZ7n
  Second seal: bit.ly/2aq8yM2
  1935 version: bit.ly/2aQefn7
  Current seal: bit.ly/2ayLGJd
• Review over the teacher notes.
• Print copies of a Florida timeline (links below), enough for small groups.
  Florida Memory Timeline: bit.ly/2aQdVEy
  Florida Department of State Timeline: bit.ly/2asxYGB
• Print copies of the Florida seal (4 images total), enough for small groups.

Directions

1. Divide students into small groups.

2. Pass out images of the four state seals and a timeline from the Florida State Library and Archives to each group.

3. Before students begin discussing the images, have the groups arrange the images into order from oldest to newest. When groups are finished, ask students why they arranged them in that order? How do they know which one is the oldest and newest? What clues did the images provide about their age?

4. Give students time to analyze the photos and discuss within their small groups. What’s similar, what’s different? How do the seals change over time? Tell students to compare the seals with the timeline. What was going on during the times the seals were designed? Do they think historical events impacted the design?
5. As a class, compare and contrast the images. Begin with what they have in common and write down the similarities and differences on the board.

6. Pass out a paper plate to each student. They will have the opportunity to practice their artistic skills to either recreate the state seal (the latest adopted version) or design their own version of a made up state.

2**nd** State Seal
- Circa 1903
- Background: a mountainous terrain (not found in Florida), cocoa palm, body of water with a steamboat that appears to be sinking, sunrise, cloudless sky
- Foreground: a female Native American wearing traditional clothing of the Western Plains Native Americans, including a headdress generally worn by males (Native Americans in Florida did not wear clothing shown in the seal), she is scattering flowers

**Current**
- Background: no mountainous or hill terrain, body of water with a more accurate steamboat, still includes a cloudy sky and sunrise, the tree has been changed to a Sabal Palm (the state tree)
