Available themes

Florida's First People (Grade 2 and up)

Provides an overview of the cultures and history of Florida's indigenous peoples and Native Americans, including the Timucua, the Seminoles, and Windover Bog – an ancient burial site.

The Ocoee Massacre of 1920 (Grades 6-12)

Reflects on a century of social transformation, the importance of voting rights, and how to navigate primary sources. Includes an introduction to the event itself, more than 500 years of Black history in Florida leading to that moment, and the impact on our community in the more than 100 years since.

VIRTUAL WORKSHOP

Ocoee Election Day Massacre (Grades 6-12)

The year 2020 marked the 100-year remembrance of the Ocoee Massacre, which remains the largest incident of voting-day violence in United States history. The Orange County Regional History Center's previous special exhibition, *Yesterday, This Was Home: The Ocoee Massacre of 1920*, took a close look at this historical event and its lasting repercussions. The landmark exhibition explored not only this horrific time in our community's past, but also historical and recent incidents of racism, hatred, and terror, some right here at home.

The content encourages reflection on a century of social transformation, the power of perspective, and the importance of exercising the right to vote, and asks what lessons history can inspire moving forward.

To ensure that students continue to have an opportunity to gain a greater understanding of this historical event, even with the physical exhibition no longer on display, we are offering a virtual tour experience of the exhibition.

The Virtual Workshop includes

- Pre-recorded tour of *Yesterday, This Was Home: The Ocoee Massacre of 1920*, led by the History Center's executive director

- Live Q&A discussion after the virtual tour, led by History Center education staff
- Accompanying lesson unit that aligns with Florida State Standards

We recommend scheduling the virtual workshop over two days: one class session for the virtual tour, and one class session for the live discussion. The live discussion can be facilitated through your school's preferred virtual platform and can be experienced by multiple classes simultaneously, depending on your scheduling needs.

Cost for the Virtual Workshop is \$100 per class.

Grant funding is available for Orange County public schools on a first-come, first-served basis.

To book a Virtual Workshop, please register at TheHistoryCenter.org/Education/Ocoee-Massacre Programming. We'll email a confirmation packet upon receipt of your registration. If you have any questions, call the Education Department at 407-836-8580 or email our school services manager, Shannon Elliston, at Shannon.Elliston@ocfl.net.
